

LOCAL MATTERS.

TUESDAY EVENING, OCTOBER 13.

For this section rain on the coast, light rain in the interior, northerly winds, high on the coast, slightly warmer.

THE POTOMAC SHOE COMPANY.—According to announcement a meeting of the stockholders of the Potomac Shoe Company was held last night in the rooms of the Board of Trade, Mr. Fred Paff, the president, in the chair.

A committee was appointed to ascertain the amount of stock represented at the meeting and the report showed only 185 shares of the 500—not a quorum.

As no business could be transacted, Mr. A. W. Armstrong asked the chairman to state the object of the meeting.

Mr. Paff replied that the directors had intended submitting a report showing the standing of the company and to see about raising money; it was necessary to have ready money in order to successfully carry on the business of the company; it was proposed to increase the capital stock.

At the suggestion of some of the stockholders the report as prepared by the secretary and directors was then read.

The report stated that a portion of the loss incurred during the first year, as set forth in the statement presented to the meeting last April, had been made up, but an analysis of the figures failed to substantiate this statement. The report also stated that the factory must be run to its full capacity to make it pay, but that owing to the small amount of capital this had not been done. It was also stated that if the company had ready money to pay cash for material, goods could be purchased at lower figures and discounts could be saved, &c.

Without taking any action in reference to the call the meeting adjourned till Monday night next at 8 o'clock.

POLICE REPORT.—Last night was cool and cloudy with four prisoners and five lodgers at the station house.

Mayor Strauss this morning disposed of the following cases:

Wm. Timm, colored, for being drunk and disorderly, was fined \$2.50.

Three colored men, charged with gambling, were dismissed, the charge not being sustained.

David Green, colored, for permitting gambling on his premises, was fined \$10.

Wm. Ford, for exhibiting a gambling game, was fined \$5.

An undertaker and a grave-digger, charged with burying a body without first having secured a burial permit, were discharged with instructions to hereafter comply with the law. It was shown that no attempt had been made by any one concerned to evade the provisions of the law.

FIRE WARDENS.—A meeting of the Board of Fire Wardens was held yesterday with all the members present. A communication from Mr. M. Rubin calling attention to the dangerous condition of the east wall of the Relief Hook and Ladder House, was read and referred to the committee on public property. Also a communication from Mr. S. G. Bryant, Corporation Attorney, to whom the matter was referred, giving his opinion as to the legality of the rule recently issued by this board for the government of the employees of the department, in which he states that rules for the government of the department are vested in the board of directors, composed of the Fire Wardens, Chief Engineer and the Presidents of the several companies.

MINISTER CALLED.—At a meeting of the congregation of the Second Presbyterian church last night it was decided to call Rev. Theron H. Rice to the pastorate of the church. Mr. Rice, it will be remembered, occupied the pulpit of the church Sunday week. He is a native of Memphis and is at present a student at Union Theological Seminary in this State. Mr. Rice is a young man, and is an earnest and logical preacher, giving every indication of becoming an effective pulpit orator. He will continue several months longer at the seminary in order to finish his theological course, and should he accept the call he will not be installed before next spring. In the meantime the pulpit of the Second church will be filled by a stated supply.

PERSONAL.—Rev. Douglas Hooff and wife and Miss Robbins, of Detroit, who have been visiting Mr. Wallace Hooff, left for their homes to-day.

Gen. Lee's condition was not so favorable to-day.

Mr. K. Kemper left here this evening for Bonoke to attend the session of the Virginia Synod as the delegate from the Second Presbyterian church, of this city.

Mr. Beal, Wallace, of Brooklyn, is visiting his father, Mr. Wallace Hooff.

Rev. H. T. Sharp, of Grace Church, has received a call to Baltimore.

CONSECRATION.—Rev. P. L. Chapelle, recently appointed coadjutor archbishop of Santa Fe, will be consecrated on Sunday, November 1st, in the cathedral at Baltimore, by Cardinal Gibbons. The Cardinal will be assisted by Archbishop Salpointe, of Santa Fe, and Bishop Kain, of Wheeling. The bulls will be read by Very Rev. A. L. Maguire, president of St. Mary's Seminary. The sermon will be preached by Bishop Keane, rector of the Catholic University. Bishop Chapelle will administer confirmation on Sunday, November 8, in St. Matthew's Church, Washington.

EPISCOPAL CONVENTION.—The Piedmont convocation, composed of the Episcopal clergies in the counties of Loudoun, Fauquier, Fairfax, Alexandria, Stafford, Culpeper and Orange, began its session in Leesburg to-day. The deliberations of the body look to the enlargement of missionary work and aid to churches in the territory named, the results of which have been most satisfactory. Rev. R. T. Davis, D. D., of Leesburg, is president, and Rev. S. A. Wallie, of Potomac church, secretary.

OPERA HOUSE.—Duncan Clark's Female Minstrel Company, with a large roster of specialty artists, forming a double company is the attraction at the Opera House to-night. An exchange says: "This is undoubtedly the largest female company before the public. Everything is new and attractive, the costumes are brilliant, and the fun was fast and furious from first to last. The marches, fancy dances and singing were attractive, catchy, and the performance was an original one in every respect."

A GREAT BLOOMER.—Mr. W. H. May having been stated that a gentleman of Leesburg has a carnation which has bloomed twice this season, says he has a pink carnation which in January last had 3 blooms, in March 5, in May 8 and in September 12. He also has a double tulip which has already bloomed twice this year and now has upon it five buds which will be out inside of ten days.

THE PARTRIDGE SEASON.—The partridge season in most of the counties of Virginia will open on Thursday, the 15th, and from then until New Year's day the hunters can enjoy the sport of shooting the palatable birds, which are said to be very plentiful. Some counties have special laws under which the season is several months longer.

The City Council will resume its semi-monthly meetings to-night.

SUPERVISORS.

The County Board of Supervisors met to-day and discussed the road improvements. It was stated that many of the taxpayers were slow in settling and the board decided that as soon as such taxes were collected contracts would be let for road improvements. A contractor present suggested that the Governor be requested to send a number of convicts to work on the roads and presented the law on the subject. No action was taken. The clerk's annual report was ordered to be published in the Gazette.

ROBBERY.—The dwelling of Mr. James Watkins, in West End, was robbed on Sunday night last of a box containing a small sum of money, two pairs of gold spectacles and some other articles of value. The thief gained an entrance to the house by breaking a pane of glass and opening a window.

PROF. KAPLAN, who recently opened a dancing school here and then removed to Danville, has sent to this office for distribution several checks for the amounts due his pupils who failed to get the full number of lessons agreed upon.

FIRE.—The dwelling of James Jackson, colored, near the Theological Seminary, in Fairfax county, was entirely destroyed by fire yesterday evening. Loss about \$400, insurance \$300.

MONETARY AND COMMERCIAL.

NEW YORK, Oct. 13.—The stock market opened with a moderate volume and with prices fairly steady, though generally slightly lower than those of last evening. In the early decline a heavy tone was shown and in most of the active stocks small losses were sustained without any material movement in any portion of the list. The weakness soon disappeared, however, and with more strength came greater activity, but no great progress was made in the general list. In the late trading market all recessions occurred all along the line, the market at 11 o'clock being comparatively quiet and steady at small fractions better than the opening prices.
